Files & Links on Sherpo

A free sample, delivered with a Download block

This PDF is public: anyone can download it from the product page,
no checkout needed. Use it for samples, previews and lead magnets.

The files buyers get after checkout are different:

- PDFs carry a dynamic watermark with the buyer's email, IP and time.
- XLSX files get a read-only audit sheet tied to the buyer.
- Links can be public, or for buyers only.

Unlock the Files Example with code DEMO100 to see a watermarked copy.
